

Optika Light

Optika Light

Improve your key service times
and increase the profits of your point of sale!

Optika Light, Silca key reading device, can exactly identify the key to be copied.

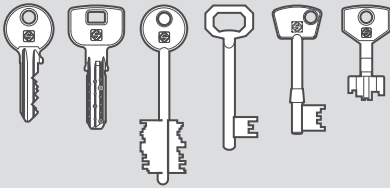

STAND ALONE

OPTIKA LIGHT

Optika Light, Silca key reading device, can exactly identify the key to be copied within a selected key references list.

Optika Light can recognise the profiles of all the following key types: cylinder, bit, double bit, pump and dimple keys.

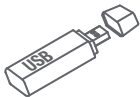

It can also read the cuts of bit, double bit and pump keys and send the data to the Idea electronic key cutting machine to make a copy.

 Optika Light is designed and produced entirely to CE mark European standards.

Key cut comparison not available.

Accessories provided

Pen drive

Light shade device for bit and pump keys
